Republican Ticket.

ELECTION NOV. 3, 1896.

For President,
WILLIAM MCKINLEY,
of Ohio.

For Vice President,
GARRETT A. HOBART,
of New Jersey.

For Congress,
JOHN W. LEWIS,
From 4th District of Kentucky.

The attention of the esteemed Hartford Herald is now called to other Democrats who have flopped and are still flopping. Their name is legion.

The Courier-Journal Tuesday printed a list of eighty six Democratic papers east of the Mississippi that have refused to support the nominee of the Chicago Convention. Thus the powers of the press will be felt.

DAVID B. HILL, the ablest man in the Chicago Convention, was seized with "that tired feeling" and went home before it was over. There are other who have the same "tired feeling."

The State Central Committee met in Louisville last week, at which meeting the Hon. C. M. Barnett declined to serve as Chairman of the Campaign Committee and appointed a committee of two to select a Campaign Committee. By virtue of his office as Chairman of the State Central Committee, Mr. Barnett was Chairman of the Campaign Committee.

THE CHICAGO FIASCO.

The recent political gathering at Chicago has, after the greatest display of insanity ever witnessed in a public assembly, finished its labors. It could not be called a Democratic convention because the representative men and papers of the Democratic Party say it was not. It can be said however that it was the most dangerous body of men who ever met in this country. The platform they promulgated proves this conclusively. The Tariff plank adopted at Chicago means nothing and it was intended to mean nothing.

The whole convention was subverted with but one idea—that of the free and unlimited coinage of silver at the ratio of 16 to 1 independent of the action of all other nations on earth. The sum and substance of the whole platform is embodied in the financial plank.

The adoption of such a financial system as that demanded by the Chicago platform would mean repudiation; it would mean dishonor and irretrievable disaster.

The Courier-Journal in its comments on the platform says in part:

"The financial plank, however, subordinates all else in the platform, and that is about as bad as it could possibly be. It is the regulation Populist's gospel of fiatism, calling not only for silver monometallism, but in insisting that the Government shall monopolize, with the after-thought exception in favor of State banks, the issuance of money, and that it shall not have power to provide itself with means for the redemption of its notes thus pronouncing for an ultimate system of irredeemable paper 'rag money' in its own form."

"It is a platform from which Democrats turn away sick at heart."

A most significant feature of the Chicago affair, was the wild and frenzied admiration exhibited over such men as Altgeld, Tillman and Bryan. Altgeld in the first place was born in Germany where he became thoroughly imbued with Anarchistic ideas, and which he still possesses.

He is out and out anarchist, yet the convention gave him an ovation second only to that accorded young Mr. Bryan.

Tillman is an object of contempt to all citizens who respect the Government. His course and vulgar abuse of his government merits the condemnation of all good citizens.

Mr. Bryan is a Populist. He is not a Democrat. These are the men, however who controlled the convention, and over whom the convention went into hysterics from time to time. Even our own J. C. S. Blackburn, he of such stereotyped phrases as "human skill and devilish ingenuity" and "Christ never drove from the Temple a worse set of men than those who have controlled the finances of the country for the last thirty years," was thrown into the back grounds by these Anarchists and Populists.

In the mean time such men as D. R. Hill, G. W. Russell, of Massachusetts, Gov. Flower, of New York, B. W. of Iowa, and Bragg, of Wisconsin, were

ignored, and not only ignored, but were worse than ignored; they were insulted and spit upon by the silver men. Men of sagacious minds, and statesmanship, had no place in the Chicago convention. It was in the hands of wild and fanatical men; men who if they had control of it, would wreck the government in a jiffy.

But what of the nominee of this convention? Who is he? What has he done that he should become the President of the greatest nation on earth? It is said that he has been a Congressman, but that as a Congressman he made no reputation save that of being an eloquent speaker. Eloquence he is. But eloquence unfortunately does not fit a man for the Presidency.

How striking the contrast between the Republican nominee for President and the nominee of the Chicago convention. In McKinley we have a statesman who has been tested. In Congress he was chairman of the most important committee in the house. A position in which he made himself famous. He has also served as Governor of one of our greatest States.

The people have confidence in McKinley. They know him. Mr. Bryan is unknown. He is young; only thirty-six. And yet we are asked to put this unexperienced youth in the Presidential chair. The nomination of Bryan was the work of despairing and desperate men; men who are led on by the silver question as by a will-o'-the-wisp, but who will some day awaken to their senses. At least it is a consummation to be wished. A moment's serious reflection will convince any clear headed man that it would be folly to elect Mr. Bryan, hence such an event however is impossible.

The Louisville Commercial says: The Republican ticket will carry all the New England States, New York, New Jersey, Delaware, Pennsylvania, Maryland, West Virginia, Ohio, Michigan, Minnesota, Iowa, South Dakota, Oregon, Washington, California, Utah and Kentucky, certainly with more than a good chance for Missouri, Virginia, Florida, Louisiana, Texas, Kansas and Tennessee. The only certain States for the Populist are South Carolina, Idaho and Colorado. We look on Alabama, Montana, North Dakota and Wyoming as anybody's States.

Have you ever heard of a medicine with such a record of cures as Hood's Sarsaparilla? Don't you know that Hood's Sarsaparilla, the One True Blood Purifier, has proved, over and over again, that it has power to cure, even after all other remedies fail? If you have impure blood you may take Hood's Sarsaparilla with the utmost confidence that it will do you good.

Hood's Pills assist digestion. 25 cents.

We Welcome Them.

We join the Commercial Tribune in giving this invitation: "To the bewildered, buffeted and homeless Democrats who love their country, and who esteem its honor above all else, we point as a safe haven to the wide swinging doors of another party, above which are emblazoned the words, 'McKinley, the Nation's Honor and Prosperity for All Men. Welcome'."

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial Bottles Free at Williams & Bell's Drug Store.

CHILDS.

Mrs. Georgia Pinkston, Ashbyberg, visited her sister Mrs. P. A. Milner. Mr. William Langley, Drakesboro, spent a few days here last week.

Mrs. L. P. Fulkerson is on the sick list.

Wheat threshing is the order of the day, and the crops are very small. Oat harvest is over and the crop is very good.

Little Georgia Milner returned from an extended visit to friends and relatives in Ashbyberg.

Mrs. William Duncan is quite sick of blood poison.

We clip the following from the Indianapolis Out Look. It refers to the late meeting of the Kentucky Baptist General Association at Bowling Green.

The General Association began Saturday morning Rev. J. S. Coleman, D. D. of Hartford, was selected moderator. He has served in this capacity during the history of this body—a period of more than fifty years—fifty times, and is a fine presiding officer. He has been preaching forty-three years and during that time has baptized 472 persons, solemnized 12,000 marriages, assisted in the organization of thirty-six churches, conducted the examination of forty candidates for ordination to the ministry, and preached the sermon at the dedication of 64 churches. The old Roman felt a just pride in this his fifteenth election to this high position without an opposing candidate.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best. 51-41.

If you would have an abundance of dark, glossy hair, if you would have a clean scalp, free from dandruff and irritating humors, or if your hair is faded and gray, and you would have its natural color restored, use Ayer's Hair Vigor. It is unquestionably the best dressing.

Hood's Sarsaparilla purifies the blood, overcomes that tired feeling, creates an appetite, and gives refreshing sleep.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "San", writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and \$1.00. Get a bottle at Williams & Bell's Drug Store.

Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, he was seized with rheumatic pains, and red lumps and sores covered his body.

"I was in a horrible fix," he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good. I was stiff and full of pains, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being cured. The mercurial medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I wrecked both my health and my pocket for S. S. S."

S. S. S. (guaranteed purely vegetable) is the only cure for real blood diseases. The mercurial treatment of the doctors' always does more harm than good. Beware of mercury! Books on the disease and its treatment mailed free to any address by Swift Specific Co., Atlanta, Ga.

Gloom to Sunshine

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, by taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts strength and energy to the whole body. Read this letter: "Hood's Sarsaparilla helped me wonderfully, changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was weakly sick, had sick headaches every few days and those terrible, despondent feelings, with heart troubles so that I could not get up and down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There was no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." Mrs. J. E. SMITH, Beloit, Iowa.

BUCKER STATE SILVERITES.

Impudent Claim of Sixteen to One Shouters at Peoria. The Illinois democratic state convention added hypocrisy and double dealing to the silverite doctrine of repudiation and dishonest dealing when it declared in its platform: "We favor the soundest and safest money known to man. . . . We demand the repeal of that repugnant and plutocratic legislation which demonetized silver and reduced it to the level of token money, destroying by one-half the stock of real money. . . . We demand the immediate restoration of the free and unlimited coinage of both gold and silver as a standard money at the rate of sixteen ounces of silver to one of gold of equal fineness. Each full legal tender power to each metal." This declaration of free silver was termed the "bimetallism which was made the basis of our monetary system by Hamilton and Jefferson."

Of all kinds of fraud the counting humbug is the worst. The silverite but mistaken silverite, who admits that free coinage at sixteen to one would put this country on the silver basis, and deserving of far more respect than the men who have the impudence to talk of "sound and safe money" in connection with their 1600-to-1 silverite scheme. Every man who is old enough to vote knows that free silver, with the bullion value of the two metals at a ratio of thirty to one, means silver monometallism pure and simple. This is the standard of Mexico, China and India, where its frequent and violent fluctuations and decreasing purchasing power testify to its "soundness and safety." Is that the kind of money the American people want?

It will be difficult to secure the repeal of "the legislation which demonetized silver and reduced it to the basis of token money," since there is no such legislation on the statute books. What the Sucker state financiers referred to was probably the legislation which since 1873 has given us \$500,000,000 of full legal tender silver money, not one dollar of which is token money, and \$75,000,000 of subsidiary coinage. There was not \$80,000,000 of silver money of all kinds in the country in 1873 and less than \$8,000,000 full legal tender silver coins, it is hard to see how "the stock of real money has been destroyed one-half." Since an increase of \$540,000,000 is considered a contraction of the currency, it is easy to understand how the cross-eyed silverites can believe that forcing \$845,000,000 in gold out of circulation would give us more money.

"The bimetallism of Hamilton and Jefferson" was the coinage of gold and silver at a ratio which was as nearly as possible the commercial ratio between the values of the two metals. In experience it was found that whenever one of the metals rose overvalued it disappeared from circulation, the cheaper money only being used, so that the country was always on either the gold or the silver standard. Under present conditions, with the bullion value of silver at 75 cents, that of gold, it would be impossible to keep gold in circulation, and the country would go at once to a silver basis. Americans who favor real bimetallism, under which an almost equal value of gold and silver money is now kept in circulation, must stand up and vote against free silver monometallism.

HARVEY'S "SCIENTIFIC" MONEY.

A System That Would Deplete Farmers of Credit.

"Out of the wisdom of man came the use of two metals for use as money, these metals to be coined into money at a ratio in weight of sixteen to one, or in the ratio provided from time to time. The option was given by law for the people to use money made from either metal, either redeemable in the other, but each of itself money. The option was with the debtor, the person getting the money in motion. The debtor thus controlled the demand, and as demand gives value, the supply being limited, this option to the debtor shifted the demand from gold to silver or silver to gold, as each increased or decreased in quantity. The debtor used the one most accessible; so if silver became cheaper, the demand was shifted to it, and this brought it back to a parity with gold, and vice versa."

How ridiculous! The idea that we can have the option of just system of money which gives debtors the option of paying in two or more metals at fixed ratios! The chief work of money is to facilitate exchanges. Who prefers to make contracts in uncertain terms? What merchant would care to give farmers credit and give them the option of paying in wheat at 60 cents, corn at 40 cents, oats at 20 cents or potatoes at 15 cents per bushel? And who but the farmers themselves would pay for the risks and uncertainties if a merchant were compelled by law to give credit only in this way?

Sure Cure for Sixteen to One Malady.

The following suggestion was sent by the editor of the Valmore (Tex.) World to a prominent sound money man in New York: "Can't you get information from Mexico? The people on the Rio Grande border are against free coinage, and our people who go there in nearly every instance come back convinced. You ought to send an intelligent man to Mexico and get the facts. I went there and it converted me to the gold standard."

Attorney A. Jones went to Louisville yesterday evening to look after some business for the county. In the case of Jno. P. Morton & Co., vs. the Ohio County Court.

It is quite annoying to have to be always dunning people for what they owe. Some are honest when they tell you they haven't got it, but others are not; so here it goes. Some will make promises that they do not expect to keep.

Mrs. Jennie McHenry and daughter, Miss Isabelle, and Hon. Jno. J. McHenry will arrive home this week from Denver, Col., where they have been with Mr. G. T. McHenry. Mrs. Jno. J. McHenry will visit her parents in Afton, Va., before she returns home.

Struck Gas.

The Kentucky Anti-Climax Oil Co., have struck gas at a depth of 1,100 feet in their new well in the eastern part of town. Owing to the fact that there is a vast amount of salt water in the well it is hard to tell how much gas the vein will afford, but it is thought by knowing ones that the vein is a strong one and ere long Hartford will be lighted by gas from our own well. The company is now having casing put in, preparatory to testing the gas.

Big Fire at Beaver Dam.

The little town of Beaver Dam was visited by a disastrous fire Sunday morning about 2:30 o'clock. The fire broke out in the rear part of Taylor & Waddle's livery stable and had almost consumed it when the men were aroused who were sleeping in the stable. These gentlemen lost seven horses, six buggies, two spring wagons and a lot of harness and other accessories to a well equipped livery business, amounting in all to \$2,500. S. L. and C. M. Taylor owned the building the loss was about \$750. The fire next caught to a warehouse belonging to F. O. Austin, in which he lost about \$250 worth of lime and salt and which Hocker & Co. had stored wool and fertilizer valued at \$1,000. Cooper & Williams had \$200 worth of fertilizer in the same building. H. B. Taylor, Jr., and C. M. Taylor lost \$1,500 worth of buggies, wagons and farming implements in the same house. The warehouse was valued at \$250 and all contents were burned. The fire then spread to the large blacksmith shop owned by Williams & Williams which with all its contents valued at \$2,000, was consumed. The next building to catch fire was the large tobacco factory owned by Harrison Austin and valued at \$1,000. The flames then lapped over and soon placed the Masonic Hall into ashes. Loss \$1,500. Hunt & Co. lost a warehouse valued at \$600. There was no insurance on anything except \$800 carried on the Masonic Hall. Total loss \$11,500.

A Sufferer Cured

"Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would bend, and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for

AYER'S

Sarsaparilla, would be sores, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease for more than twenty years. The first bottle seemed to reach the spot and a persistent use of it has perfected the cure."—O. C. DAVIS, Wantoma, Wis.

Mrs. J. D. Renter and little son, Morgantown, visited the family of County Attorney E. P. Neel last week.

The following named persons have paid their subscription to THE REPUBLICAN since our last issue. Jesse Maury, Morgantown; E. R. Tichenor, Centertown; Jno. B. Weller, Paul Abell, Bardstown; Estlin Taylor, Prentiss; J. E. Davidson, Hurfford; Claude Hayes, Point Pleasant.

How They Take It.

THE REPUBLICAN has interviewed a number of Ohio county Democrats since the Chicago Convention and gained expressions from a large number of them. The silver element is highly pleased with the nominations and I say it is a strong ticket, while the sound money element are loud in denouncing the platform and say it does not represent the Democratic ideas. A large number of the sound money men are in a quandary whether to vote for McKinley or hold out for a new Democratic ticket to be put in the field for them to support. There can be but little doubt but what Ohio county will give McKinley a handsome majority, for our farmers and business men are too much interested in their own welfare to go off after the free silver heresy.

Miss Amanda Wallace of this place died Sunday and was buried Monday in Ward graveyard.

Last Saturday a large crowd gathered at Beda to witness a game of base ball between the Beda and a picked nine from McHenry but they were sadly disappointed for the game was hardly half through when the umpire (if he might be called such) called the game because some of the spectators gazed him for his bad decisions. The Beda pitchers could not throw a strike while the McHenry twirlers could not throw anything but strikes and then after our nine taken all of this he called the game in order to save his side from defeat. When it takes nine men and an umpire to defeat a nine the boys here don't care to play such a team; we advise the gentleman that umpired the game to go with some menagerie as a clown for he would make a better success than trying to umpire a ball game.

Last Sunday morning at 1:30 o'clock fire broke out in Taylor & Waddle's Livery Stable. Seven buildings, 400 chickens and eight fine horses were burned, making a loss of over \$10,000. The general opinion is that the stable was set on fire. For several minutes it seemed as many other buildings would burn, but by hard work on one side and the burning of a salt shed which smothered the flames the fire was put out.

The Kickapoo Indian Medicine Co. were held over here two days longer than was intended owing to the rainy weather. They gave their last entertainment Wednesday night. The people of this town and vicinity have enjoyed their stay here greatly. Miss Nannie Wells won the prize in the ladies wood sawing contest.

Master Willie Stevens won the prize in both the apple and pie eating contests. Miss Beulah Coats received the greatest number of votes for being the most popular young lady of town and received the lamp. Miss Attie Austin was second on the contest and she takes great pleasure in thanking her friends for their kindness shown in the contest.

The Christian Endeavor will give an ice cream supper next Thursday night in the School Hall. Everybody come.

Good Old Granny Metcalf, 86 years old, living at 618 Monroe street, Paducah, Ky., says that Dr. Bell's Pine Tar Honey is the best grip cure, cough, lung and bronchial remedy that has been offered to the people during her life. Guaranteed by Z. Wayne Griffin & Bro., druggist, and Kenfrow Bros., Norrows, Ky.

Nearly all women have good hair, though many are gray, and few are bald. Hall's Hair Renewer restores the natural color, and thickens the growth of the hair.

This testimonial is unsolicited and for the benefit of humanity. My daughter has been subject to severe colds and croup and often taken with violent coughing spells at night. Dr. Bell's Pine Tar Honey is the only preparation I have found that will relieve her. I think it is as necessary in the house-hold as a life preserver on a steamboat.

Objections at Hartford.

Hartford, Ky., July 14.—(Special.) Numerous sound money Democrats of this county have been outspoken since the adoption of the Chicago platform as not being averse to the holding of a convention to nominate a Democratic candidate for the Presidency of the United States. They consider Bryan a Populist and some will undoubtedly support McKinley in November or not vote if there is no sound money candidate put up before the people.

The correspondent of the Courier-Journal at this place sent the above notice to the paper for last Wednesday which has created quite a sensation among our free silver brethren. Some took the matter up and have been roundly abusing the correspondent and claim that there is nothing in the report. The correspondent is loaded and if the free silver element does not wish to be exposed they had better keep away from him. Let them fight it out.

Gilmonfield Views the Situation in the Right Light.

"God, give us men! A time like this demands strong minds, great hearts, true faith and ready hands."

It now remains for the people of these United States to determine whether or not they will support a man, who when battle clouds were hanging thick above us, stood at the front, fighting for the existence of our country and not for a reputation which meant a fall, or whether they will support a man who repudiated his party and then through love for notoriety accepts the nomination of the party he repudiated. Everywhere in this broad land Democratic newspapers are tearing themselves from the free silver rioters and proclaiming their intention to stand by sound money and to repudiate such actions as were recently taken by the free silverites at Chicago.

The Courier-Journal of the 11th says: "The Courier-Journal, whose whole existence has been spent in battle for Democracy, rejects the new faith of fanaticism, repudiation and anarchy, which the Chicago convention has predominated as the Democratic creed, refuses to support the nominees who have been, in an unprecedented convulsion of frenzy, ordained the apostles of that faith."

And in referring to the Democratic nominee the Courier-Journal does so as "a young hot-head who has recently abandoned the Democratic party for the Populist party."

The Chicago Chronicle, Mobile Register, N. Y. Sun, New Orleans Picayune, Louisville Post, Courier-Journal, and dozens of others equally as strong, have refused to allow their presses to throw forth anything in favor of free silver fallacy. This in itself is enough to prove conclusively that gold is the honest money.

The coming election will mark an epoch in the history of this country. Never did excitement drift higher. The country must not be allowed to drift into the hands of the mine owners of the west, who, to get rid of their metal at an enormous profit, have started the silver craze. Headed by anarchists and revolutionists it is the aim of these would be revolutionists to wreck the country in which their pride should be centered. Everyone knows Altgeld, his name is a dead give-away. Everyone knows Tillman, the man who for the sake of a name stands ready to lead a revolution such as the one of '65; the man who glories in the fact that he is from the State that was the first to secede; the man who stood at the Atlanta Exposition and spit forth words of venom against the people of the north and the same man who to-day is the greatest on the face of the earth—in his own estimation.

McKinley, the gallant leader of the Republican party, stands with open arms to receive the men who want prosperity and not ruin, riot, rags and rebellion. The very name of McKinley is the symbol of free people.

Democrats, not free silverites, for in the estimation of a fair minded man a free silverite is not a Democrat we appeal to you to stand for the right, not merely a name. Bryan said at Jackson, Miss., June 11, 1895, that he would die before he would support a gold standard Democrat. Have you not convictions equally as strong? Will you support him, a free silver man? Not when you know Wm. McKinley, the next President of the United States, is the leader of the hosts whose battle cry is "down with the fifty cent dollar."

so common in summer-time, accompanied by loss of energy, lack of thought-power, means a deficient supply of nourishment. The vital force is lost. What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Cud, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.
—Dr. G. C. Osborn, Lowell, Mass.

Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various harsh, noxious medicines which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves.
—Dr. J. P. Kinchell, Conway, Ark.

Castoria is well adapted to children that I recommend it as superior to any prescription known to me.
—H. A. Austin, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
—UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

\$1.00 FOR YOUR PHOTOGRAPH.
Write us a letter covering these three points:
First.—State how long you have been an, or used, or sold "Dr. M. A. Simmons Liver Medicine."
Second.—State diseases you have known it to cure and give the names of those cured by it.
Third.—Give your opinion as to the difference between its strength and action, and the strength and action of the "Liver Regulator" made by J. H. Zeilin & Co., and the "Black Draught" made by Chattanooga Medicine Co.; both of which have sold to dealers at 6 or 7 cents per package, net, and should retail at not over 10 or 12 cents. If consumers are not imposed upon, while our Original article cannot be sold at less than 25 cents per package, as we have too much regard for human life to use cheap drugs in any of our medicines. The reason is plain: Zeilin & Co. and the old proprietors of "Black Draught" were both enjoined from deceiving the public by using the words constituting our trade name; therefore, look out that some dealer (not knowing you are posted) don't sell you some cheap package at a profit of 300 or 400 per cent., instead of our Genuine "Dr. M. A. Simmons Liver Medicine," which you are sure to specify, and take to other, as there is nothing else like it.
On receipt of your letter enclosing photograph, we will mail you free of charge, a \$1.00 package Liver Medicine, or on receipt of letter without photograph, we will mail you a 25 cent package, free.
